 We are looking at making a standard for game tables in our Residence Halls. Anyone have a go-to brand or company they work with?

 OFS has shuffleboard and table tennis tables. They are contract grade - will hold-up. Another would be Janus et Cie, they have pool, table tennis, and foosball. RS Barcelona is a bit pricey but good quality. These all have a more modern look. Some better pricing can be found with some online retailers.

This is the format for threads (responses). There is a username/author, date, and time listed with each reply.
