Project Name

STUDENT LIFE & ACADEMICS

5,000-20,000 SQ.FT.

PROJECT TITLE: STUDENT INVOLVEMENT
SQUARE FOOTAGE: 8000

PROJECT STATEMENT:

This area was redeveloped to be used for all student organizations on campus. The design was intended to provide each organization with a desk, storage space, meeting space, and lounge areas. Demountable walls were used to create smaller meeting/zoom rooms and conference areas. The rest of the open space was used to provide seating for studying, group work, and lounging. Acoustical lighting and furniture dividers were used to dampen noise within the space. Graphics and images about the student organizations were used to develop a sense of space and belonging. The total project budget was \$550,000.

ACCOMPLISHMENTS OR SPECIAL FEATURES:

The use of different styles of tables, benching, lounge furniture, and meeting rooms provide ample seating while providing for multi-use needs.

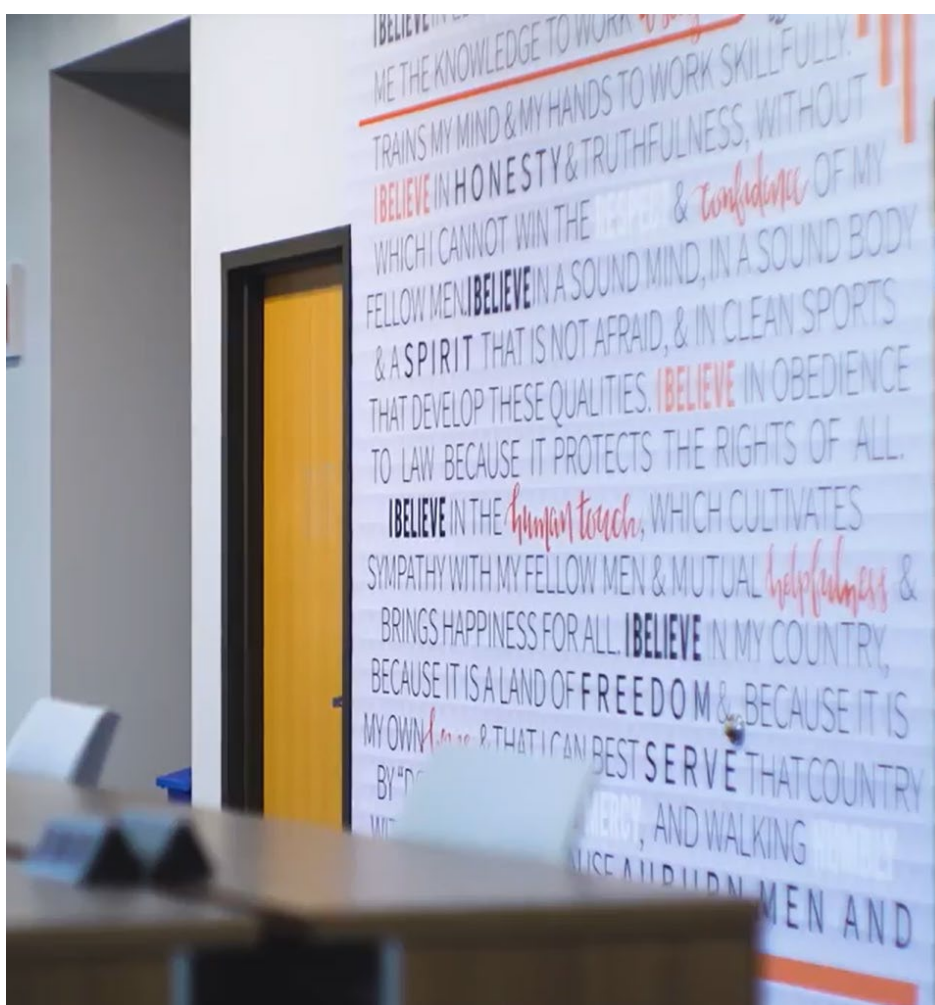

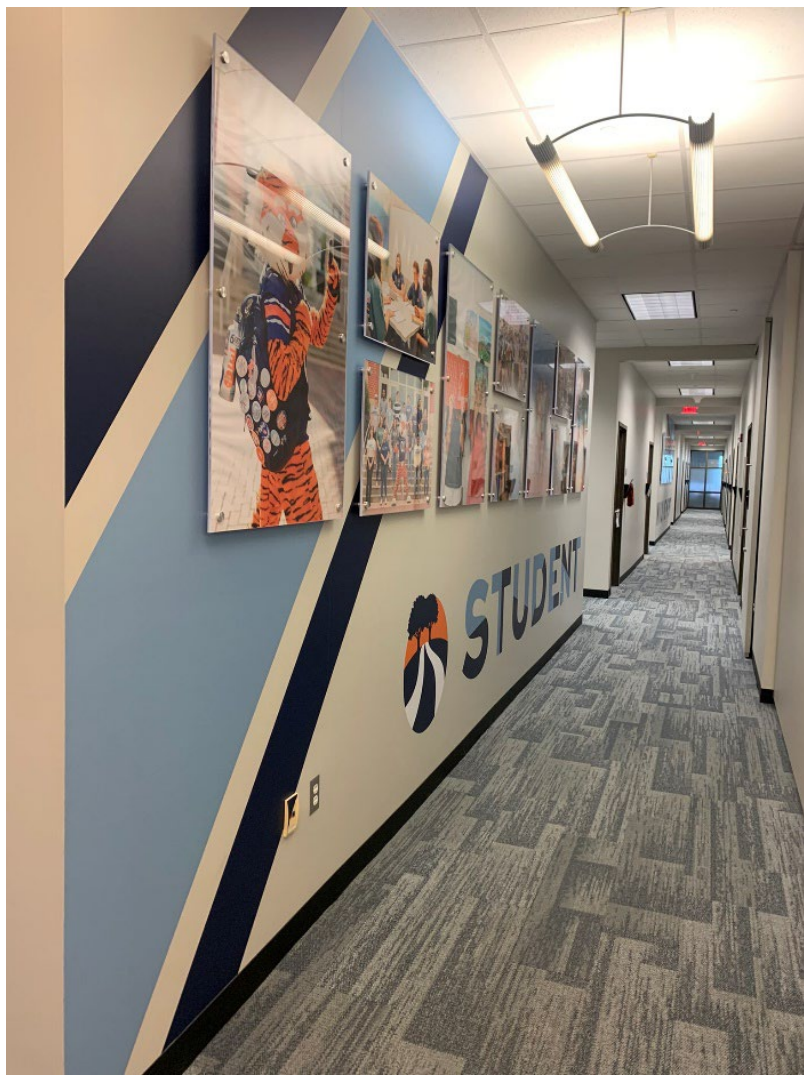

Acoustic lighting was used throughout the space to help mitigate noise within the space.
