CHAOS, CREATIVITY, AND CHANGE:

The Surprising Connection and Direct Link Between Creativity and Wellness

COURSE DESCRIPTION

At the heart of every great movement forward is a hardship that needed to be overcome. In light of the chaos that has impacted the entire world, a wave of technology and innovation swept across communities to solve a set of challenges few were prepared for.

Our CEU seeks to educate specifiers on the benefits and sources of creativity, explore the present and future through a historical lens and peer at the ways designers can use creativity to drive their own wellness, and quite possibly, that of their clients.
